Response to Reclamation Permit Financial Warranty Reduction Request Consideration

DATE: September 3, 2020
TO: Jared L. Ebert, Environmental Protection Specialist
CC: Division 1 Office, District 2 Water Commissioner
FROM: Ioana Comaniciu, P.E.
RE: Mann Resources LLC, M & G Gravel Pit, File No. M-1986-079
Operator: Mann Lake Holdings, LLC
Contact: (303) 562-2000
Section 3, Twp 2 South, Rng 67 West, 6th P.M., Adams County

COMMENTS: Mann Lake Holdings, LLC (“Mann Holdings”) has submitted a request for financial warranty reduction for the permitted area for the M & G Gravel Pit, File No. M-1986-079. Mining has completed at the site and according to our records as of June 10, 2020 the backfilling has been completed so that no exposed acreage remains at the site. Lagged depletions associated with the previously exposed groundwater at the site will extend through December 2030. A substitute water supply plan (“SWSP”) was approved on July 20, 2020 to replace the remaining lagged depletions at the site using recharge accretion credits from Fulton Irrigation Ditch Company (WDID 0200808) shares that were previously diverted into the pit for recharge. The SWSP is approved through December 31, 2030. Therefore, the State Engineer’s Office (“SEO”) has no objection to the request for financial warranty reduction for the M & G Gravel Pit, File No. M-1986-079. The applicant may contact the State Engineer’s Office with any questions.
