Good morning. We are asking for your help to stop development of a gravel pit being proposed for our beautiful valley. If you've visited here or even seen our pics, you probably understand that the natural environment here is really special.

All we are asking is that you copy, past and EMAIL the following letter with your signature and address at the bottom. You can leave it as it is (if you agree with all the reasons) or add/change/delete the reasons as you'd like.

We thank you in advance if you can help out. We will keep you posted. Thanks again.

RE: Application by Peak Ranch Resource (File No. M2020041)

To whom it may concern,

I am writing to seek NON-Party status to testify about the above-mentioned application by Peak Materials to establish a gravel mining operation at the site designated as Peak Ranch Resource.

I am specifically aggrieved by this proposed project for the following reasons:

Federal Wilderness on both sides

1000s of acres of County protected open space

1000s of acres of working ranches forever protected from development by conservation easements

An ex-Gold Medal trout river re-seeking that status

Wildlife and people who will be adversely impacted by the noise and air pollution created by 230 one way gravel truck trips a day for 8 months a year back and forth to Maryland Creek

No existing industrial activity in the valley

Inherent protection from Summit County's Lower Blue Master Plan which deems any industrial activity antithetical to the natural, rural, and economic values of the valley, and their sustainability.

I wish MY OPINION be heard at the public hearing of the Colorado Mined Land Reclamation Board when the Board takes up this application. Please add me to your email distribution list notifying interested parties of the date, time and location for this meeting.

Sincerely,

Re: Kilgore Companies; Peak Ranch Resource; Incomplete Objection Letter

Mr. Mason,

On September 13, 2020 the Division of Reclamation, Mining and Safety (Division/DRMS) received your objection letter for the proposed Peak Ranch Resource reclamation permit, M2020-041. The submittal was missing required information. In order to be considered a party to the application process, you must provide your name, mailing address and phone number pursuant to Rule 1.7.1(2)(a). Please provide the Division with the required information by the close of the public comment period on October 8, 2020.

If you have any questions, you may contact me at eric.scott@state.co.us or (303) 229-9414.

Sincerely,

Eric Scott
Environmental Protection Specialist
