Dear Mr. Ross,

On April 26, 2019, the Division of Reclamation, Mining and Safety (Division) approved your Notice of Intent to Conduct Prospecting (NOI). We accepted the following funds from the Cash/Check Bond for File No. P-2019-002:

1. Bond No. 1814, in the amount of \$878.00.

The reclamation liability amount for the St. Mary's Mine (P-2019-002) NOI is \$878.00. Therefore, final approval from the Division for your NOI at the St. Marys Mine is hereby granted and you may commence operations at this site.

Also, in accordance with Rule 5.6, an Annual Report and associated fee of \$86.00 per site must be submitted on your notice approval anniversary date (April 26) for each year following the filing of an NOI until reclamation responsibility release is granted. In addition, Rule 5.3.4 requires the prospector to notify the Division of completion of prospecting operations and Rule 5.7 requires the submittal of a final report for drill holes within 60 days of completion of the abandonment for artesian flow holes and within one year of completion of the abandonment for any other drill holes.
