RE: DRMS Annual Report - Carbon Valley Resource, Permit M-2001-017
Anniversary Date: September 19

Dear Division:

L.G. Everist, Inc. respectfully submits this cover letter and map to accompany the online submittal of the DRMS Annual Report for Carbon Valley Resource, Permit M-2001-017. The annual fee has been paid online with a credit card.

Mining operations and production at the site progressed in the Carbon Valley Resource mine site during this reporting year. See the map and online report for areas and acreages. Processing is being done with portable equipment. We have continued mining in the same area as last year and have just progressed deeper into the area. Reclamation work around the edges of this area has continued – including the backfilling and compacting of perimeter slopes. Additional backfilling and sloping, along with topsoiling, seeding, and ongoing weed management will occur during the coming year.

If you have questions, feel free to contact me at 303-286-2247, or lmshults@lgeverist.com.

Sincerely,

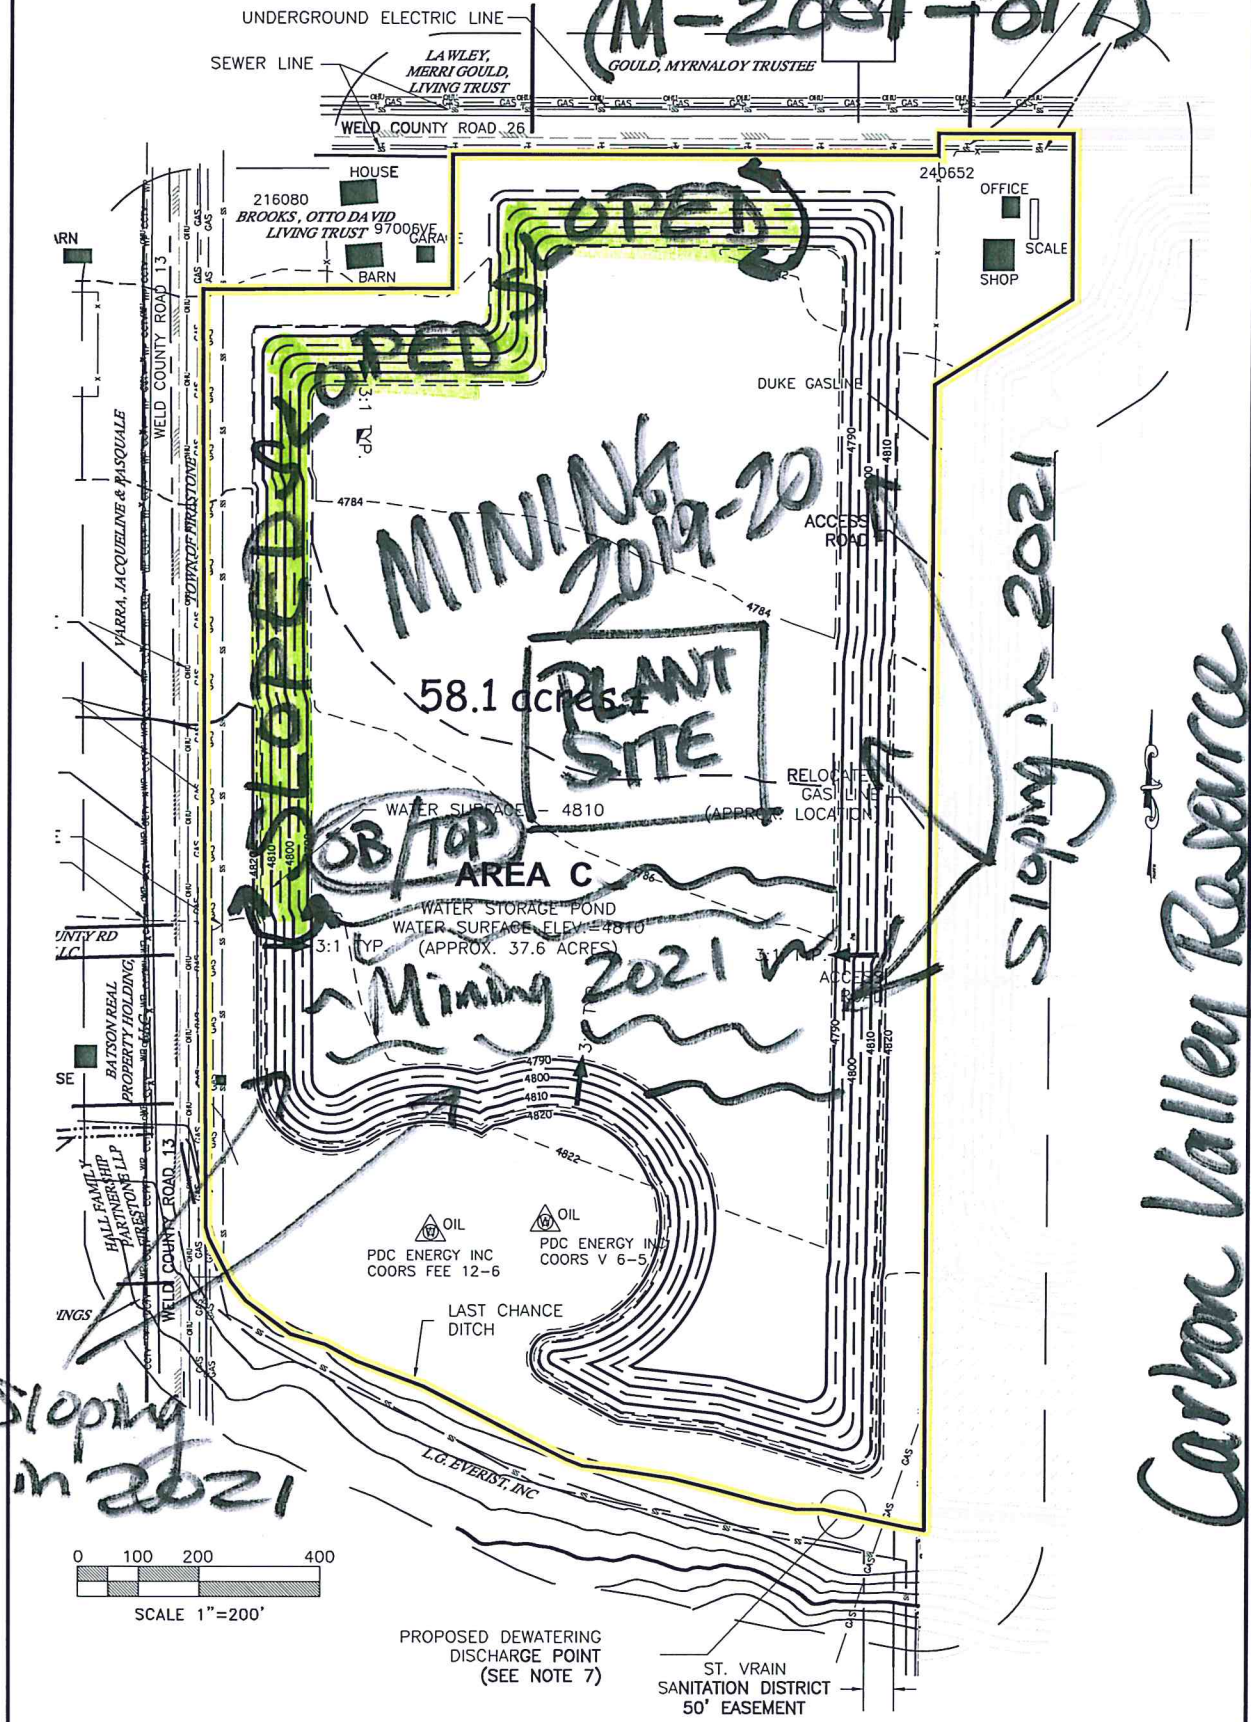

Lynn Mayer Shults
Regulatory Manager
