Subject: Photos from road near 24HG2E27XC

Kathy,

Here are a few photos of the thistle patch on the road near 24HG2E27XC. I have a slightly different viewpoint but you can see that the thistle was treated earlier in the year, as it is apparent that it [did](#) not die recently. There were a few small thistles still evident in the area, but I took care of them with a shovel.

Let me know if you need anything else.

Thanks

Bob Munz
