Denver, CO 80203

**RE: DRMS Annual Report - Carr Gravel Resource, Permit M-1988-048**  
**Anniversary Date: September 22**

Dear Division:

L.G. Everist, Inc. respectfully submits this cover letter and map to accompany the online submittal of the DRMS Annual Report for Carr Gravel Resource, DRMS Permit # M-1988-048. The annual fee has been paid online with a credit card.

L.G. Everist's Carr Gravel Resource permit area is 521 acres. The attached **Exhibit C1 - Mining Plan Map (Jul-2019)** shows the current permit boundary. The mine site permit area is south-east of the Town of Carr, located in parts of Section 1, Township 10 North, Range 67 West, 6<sup>th</sup> P.M., Weld County. The current mining area, plant site area, and bone yard (equipment storage) area are shown on the attached Mining Plan Map. A narrow portion along the north edge of the mining area (about 2 acres), has been topsoiled and seeded, and the grass is slowly achieving sustainable growth.

There was no mining or processing of new material this year, but some finished product was used from existing stockpiles. The permit area is inspected regularly, as required for safety, stormwater, and weed management. We control weeds as needed throughout the year with spraying and mowing.

If you have questions, please feel free to contact me at 303-286-2247, or [lmshults@lgeverist.com](mailto:lmshults@lgeverist.com).

Sincerely,

Lynn Mayer Shults  
Regulatory Manager

**M-1988-048**

The following list reflects the structures on or within 200 feet of the entire permit area. If an adjoining owner is not listed then they have no structures within 200 ft of the permit area. Many of these structures are next to areas where mining and reclamation is complete and will not be disturbed by future

- structures not within 200 feet of mined area
