**Re: Lyons Quarry, Permit No. M-1977-141, Approval of Corrective Action Date Extension**

Mr. Deuto:

On September 22, 2020, the Division of Reclamation, Mining and Safety (Division) received your request to extend the corrective action date for the following problems identified in the Division's June 25, 2020 inspection report:

**INSPECTION TOPIC:** Reclamation Plan

**PROBLEM #3:** The current reclamation plan needs to be updated and clarified pursuant to C.R.S. 34-32.5-116. The operator must provide sufficient information to describe or identify how the operator intends to conduct reclamation. Specifically, the reclamation plan needs to be updated to describe how the area designated (in TR-2) as Reclamation Area 2 will be reclaimed. The reclamation plan map must also be revised accordingly.

**CORRECTIVE ACTIONS:** By the corrective action date, the operator shall submit a Technical Revision, with the required \$216 fee, to update and clarify the current approved reclamation plan to reflect existing and proposed activities. Specifically, the reclamation plan must be updated to describe how the area designated (in TR-2) as Reclamation Area 2 will be reclaimed. Additionally, the revision must include an updated reclamation plan map that meets the requirements of Rules 6.2.1(2) and 6.4.6.

**NEW CORRECTIVE ACTION DUE DATE:** October 2, 2020

**INSPECTION TOPIC:** Financial Warranty

**PROBLEM #4:** The financial warranty is not adequate to reclaim the site in accordance with the approved reclamation plan. This is a failure to maintain the proper financial warranty amount to complete reclamation of the affected lands pursuant to C.R.S. 34-32.5-117(4)(b) and Rule 4.2.1(1).

**CORRECTIVE ACTIONS:** By the corrective action date, the operator shall submit an updated bond estimate in accordance with Rule 6.4.12 that includes all information necessary to calculate the costs of reclamation that would be incurred by the state for, at a minimum, the existing disturbance at the site, including the area designated (in TR-2) as Reclamation Area 2. This bond estimate should be included with the Technical Revision submittal required by Problem #3 above.

**NEW CORRECTIVE ACTION DUE DATE:** October 2, 2020

The Division has approved your extension request, giving the new corrective action due dates listed above.
