RE: Iverson M-2011-001, Follow-up to inspection dated August 5, 2020

Dear Mr. Hays:

Please accept this letter as our written response to the item due 09/21/2020.

**CORRECTIVE ACTIONS:** The Division will require the Operator to remove the woody vegetation, treat the structures to prevent the establishment of woody vegetation in the spillways and provide evidence of the completed work.

**RESPONSE:** Documentation attached to show clearing of woody vegetation. Spillways were sprayed with the following herbicides:

- Roundup Max (glyphosate)
- Ecomazapyr (Imazapyr 27.8%)
- Tordon RTU - for larger stumps

Please let me know if anything additional is needed at this time (970) 407-3631.

Sincerely,

A handwritten signature in black ink that reads 'Julie Mikulas'.
