**Re: Iverson Mine, Acreage Reduction Approval, Permit No. M-2011-001,**  
**Revision No. AR-03**

Ms. Mikulas:

On September 23, 2020, the Colorado Division of Reclamation, Mining and Safety (Division/DRMS) approved the request for release of a portion of the permit area from further reclamation responsibility.

The permit area was reduced to 28.00 acres, through the release of 37.00 acres surrounding the lake in this permit action. Because the permit is not totally released, you are still liable for filing annual reports and fees.
