Hello,

There is a three phase development project involving Mary Jane Lovey, the Argo Mill property, and adjacent City-owned property. I have had limited involvement with this project, so I am sending copies of your email to two other persons with the City who are much more knowledgeable about the project: City Administrator Andrew Marsh and interim Community Development Planner Barb Cole.

Subject: Fwd: Gem mine Idaho Springs

Hello, the Colorado Division of Reclamation, Mining and Safety received this email below about a development on Idaho Spring property. I was curious if you may be able to shed some light on this for me and tell me what is occurring and where?
