Hi Jeana,

Just to clarify, you are asking for the corrective action date to be extended for the PSES holding pond issue noted in the June 30, 2019 inspection?

June Inspection Corrective Action Response**

Dear Mr. Bowles:

On June 30, 2020, Colorado Department of Reclamation, Mining, and Safety (DRMS) completed a routine monthly inspection, accompanied by representatives of Newmont Corporation's Cripple Creek and Victor Gold Mining Company (CC&V). This letter is in response to the correspondence received on September 22, 2020, regarding the inspection report issued by DRMS.

DRMS requested a response to be provided by CC&V by October 6. CC&V requests an extension to the response date from October 6, 2020 to December 10, 2020. CC&V is requesting the extension in order to develop an appropriate response and action strategy for issues noted by DRMS.
