RE: 23 ¼ Road West Pit, File No. M-2020-035 , Removal of Rubble Piles

Dear Mr. Doody:

The Division of Reclamation, Mining and Safety (Division) received your request regarding the 23 ¼ Road West Pit on October 1, 2020. The letter was to request permission to remove rubble material that litter the property. You acknowledge that the permit application has not yet been approved and no subsurface (mining) disturbances will occur. The material will be taken to the neighboring pit, Orchard Grove Industrial Pit (M-1990-094) which is approved to import inert fill material. The Division is approving this request.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Good morning Amy Yeldell -

In anticipation of an approval of our 23.25 Road West Open Pit Mining Application Elam Construction would like to move the rubble piles that litter the future mine site. Our work would only effect the surface and we will not disturb any subsurface material. I have attached photos of the site for your review.

Thank you for your time and consideration of this request.

Kindest Regards,
