Denver, CO 80203

RE: Application by Peak Ranch Resource (File No. M2020041)

To whom it may concern,

I am writing to seek Party status to testify about the above-mentioned application by Peak Materials to establish a gravel mining operation at the site designated as Peak Ranch Resource.

I am specifically aggrieved by this proposed project for the following reasons:

We have a well below the proposed mining area that would be affected negatively by the mine. Fishing and wildlife will be negatively impacted for private gain. The Peaks reclamation plan is inadequate. This is also going to have a negative effect on property values below the mine.

I wish to be heard at the public hearing of the Colorado Mined Land Reclamation Board when the Board takes up this application. Please add me to your email distribution list notifying interested parties of the date, time and location for this meeting.

Sincerely,

Justin Armstrong
