RE: Application by Peak Ranch Resource (File No. M2020041)

To whom it may concern,

I am writing to seek Party status to testify about the above-mentioned application by Peak Materials to establish a gravel mining operation at the site designated as Peak Ranch Resource.

I am specifically aggrieved by this proposed project because I keep my horse on Elk Run Road, directly adjacent to the proposed property. Having additional traffic and noise will drastically reduce the peace and quiet that the residents and tenants of the Elk Run Road currently enjoy. Having additional trucks will also damage the road and make it difficult to enter and exit Elk Run Road. Furthermore, I am an avid fly fisher and fish regularly on the Blue River. The property's adjacency to the river poses a risk to the fish population and our ability to enjoy is.

I wish to be heard at the public hearing of the Colorado Mined Land Reclamation Board when the Board takes up this application. Please add me to your email distribution list notifying interested parties of the date, time, location and format for this meeting.

Sincerely,

Melissa Heiter
