RE: Gunnison River Gravel Pits, Permit M-2009-048, Incomplete Application for Transfer of Mineral Permit and Succession of Operators, Revision SO-02

Dear Mr. Weaver,

On September 27, 2020 the Division of Reclamation, Mining and Safety received the Application Form for Transfer of Mineral Permit and Succession of Operators from Whitewater Building Materials Corporation to C W Construction LLC, for the Gunnison River Gravel Pits, Permit M-2009-048. The following items are incomplete for the application to be processed:

Financial Warranty Package

- 1) Complete an affidavit of authority for Cody Weaver (form attached)
- 2) The bond included is not an original power of attorney embossed, re-submit the original

* Note that the Operator/Company name has been written several different ways throughout the application package. The Division will correct forms to match the Secretary of State registry. Please ensure that all future paperwork submitted has the Operator name as C W Construction "LLC" as that is how it is registered with the State.

Please return the required documentation to the Division **before December 14, 2020** to complete the application for approval. All completed permit documents are required to be submitted for consideration of your Request for Transfer of Mineral Permit and Succession of Operators Application. An incomplete application will be denied after the 60 day submittal request, if requested documents or information are not received. In the event of any delay in your submittal or if you have any questions, please contact me at 303 866-3567 ext. 8183. Documents should be sent to the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203.

Sincerely,
