Dear Mr. Cazier,

Re: Langston Borrow Pit, File No. M-2020-023

The Fremont Conservation District Board of Supervisors would like to comment on the above-mentioned Reclamation Permit Application. The Board of Supervisors agree with the letter from Jim Aragon of Colorado Parks and Wildlife on their reclamation recommendations with specific emphasis on noxious weed control and erosion control in their future plans for this reclamation site. We agree with the basic seed mix recommendation provided by Natural Resources Conservation Service (NRCS), which can be obtained through our office, as we are housed with NRCS.

On behalf of the Fremont Conservation District Board of Supervisors,

Sincerely,

Debbie Mitchell
District Manager
