Person(s) contacted and affiliation: Steve Monson (FMIC attorney)

Summary:

The complaint received on 11/2/20 referenced an enclosed unsigned structure damage compensation agreement as well as two occasions on which the Permittee effected eroded slope repairs near the Fountain Mutual Irrigation Company's (FMIC) ditch which runs through the Daniels Pit area. The referenced unsigned agreement was not enclosed and the dates of the repairs are relevant to the Division's investigation.

I called Mr. Monson to clarify if there were any attachments other than the eight photos received and the unsigned agreement we did not receive. He indicated there was also a cover letter related the agreement and committed to emailing the missing attachments to me.

Mr. Monson said he would contact Gary Steen (FMIC) for the repair dates.

I also informed Mr. Monson of the Division's site inspection planned for November 5, 2020.
