Hi, Ben

Please see the attached letter regarding a change in the status of the Keenesburg Mine.

Regards,
Rob

Coors Energy Company

Re: Keenesburg Mine, Permit C-1981-028, Status of Mine Changed to Permanent Cessation

Dear Mr. Moline:

It is my understanding that mining and reclamation activities (with the exception of maintenance activities) have ceased at the Keenesburg Mine operated by the Coors Energy Company. I shall change the status of the mine in the Division's Permit System to "Permanent Cessation."

Per 4.30.2(3) within the Regulations of the Colorado Mined Land Reclamation Board for Coal Mining, please update the entrance sign for the mine to include the name, address, and telephone number of the Division office (shown in footer on this page). Please note that the address for Coors Energy Company should also be updated to include current information.

If you have comments and/or questions, please do not hesitate to contact me at Rob.Zuber@state.co.us or 720.601.2276.

Regards,

Robert D. Zuber, P.E.
Environmental Protection Specialist II
