**Re: Extension Request Approval, Problem for Weed Control Decision Date,
Ted Franciscotti Pit #1, Permit File No. M-2007-006**

Dear Ms. Schreiber:

On November 18, 2020, the Division of Reclamation, Mining and Safety received your request to extend the due date for the problem that was cited in the inspection report dated June 24, 2020 for Weed Control at the Ted Franciscotti Pit #1, Permit File No. M-2007-006 from November 29, 2020 to February 27, 2021. The Division acknowledges that there is an ongoing issue with getting the current land owner to respond in a timely fashion and allow access to perform weed control. The Operator is strongly encouraged to reach an agreement with land owner to maintain the permit in good standing. Please be prepared to provide the Division with documentation showing the efforts that have been made towards resolution with the land owner. **The Division hereby approves the extension request to February 27, 2021.**

If you need additional information or have any questions, please contact me at Division of Reclamation, Mining and Safety, 1313 Sherman Street, Room 215, Denver, CO 80203, by telephone at **303-866-3567 x8114**, or by email at patrick.lennberg@state.co.us.
