RE: Annual Report M-1978-071

To Whom It May Concern:

The following annual report for M-1978-071, Del Norte Pit, includes no new disturbances to the pit footprint for the year. Activities this past year included utilizing existing material inside the pit and consolidating topsoil piles. In September the county notified the Division of the storage of tree debris that was chipped into mulch for future use. We continue to have this pit inspected and sprayed for noxious weeds by the local weed district.

Please contact me if there are any questions.

Thank you,

Patrick Sullivan
