Thank you for publishing your legal notice with Colorado Community Media! We appreciate your business.

Please see an attached prepress proof of the notice. Please carefully proof this, including the case number and make sure it's all accurate. Please let me know if you need changes or anything else.

We require payment for the notice. Please call Carla, in our accounting office, at 303-566-4082, with payment. She can take a credit card over the phone. Please leave her a message and she'll call back as soon as she can. She will also send a credit card receipt after the payment is processed.

The notice is \$264.40; Order Number 6196

And finally, an affidavit of publication will be mailed (via US mail) to you after the notice finishes its run.

Other questions;

- Can you send us the four dates it will be posted in the paper? The dates would be Thursdays Dec.10, 17, 24 and 31. The first and last are listed on the notice. Since nearly all notices have to run consecutively, we only list the first and last.
-
- Can I receive a copy of the newspaper for verification (electronic or paper) or am I able to see it online?
- The easiest way to check the notice is at the Colorado Press Association legal website. (just google it). All legal notices in the state are required to be viewed there. If you want, you're welcome to email me and I'll send you the page as it went to press. But rest assured, your notice is safe.

Please let me know if I have help further.

Thanks, Sheree

Subject: Morrison Quarry Public Notice

Sheree,

Thanks for speaking with me yesterday. The public notice text that we discussed is attached in a word file. We would like it to be in the paper four times total (once per week for four consecutive weeks). I have a few questions:

- Can you send us the four dates it will be posted in the paper?
- How much does posting four notices cost?
- Can I receive a copy of the newspaper for verification (electronic or paper) or am I able to see it online?
- Will you be able to send a receipt of payment?

I will send my credit card info following your response. Thanks!

Description: order 6196 Morrison Quarry

Public Notice

Aggregate Industries (applicant), whose address is 18131 Highway 8, Morrison, CO 80465, (303) 697-0379 has filed an application for Regular (112) Construction and Materials Operation Reclamation Permit Amendment with the Colorado Mined Land Reclamation Board under provision of the Colorado Land Reclamation Act for the Extraction of Construction Materials. The mine is known as the Morrison Quarry. Morrison Quarry is located in Township 6 North, Range 68 West of the 6th Principle Meridian, in Sections 11, 12, and 13. The street address of Morrison Quarry is 18131 CO-8, Morrison, Colorado 80465.

Morrison Quarry is presently operational under permit M-1973-021. The proposed future use of the land after reclamation is as a wildlife habitat and open space, which imitates the undisturbed land use prior to mining. In addition, reclamation will include water storage reservoirs for use by the Town of Morrison. The proposed completion date for reclamation is December 31, 2044.

Additional information and a tentative decision date may be obtained from the Division of Reclamation, Mining and Safety (1313 Sherman Street, Room 215, Denver, CO 80203, (303)-866-3567), the Jefferson County Clerk and Recorder's office (100 Jefferson County Parkway, Suite 2560, Golden, CO 80419), or from the above named applicant. A complete copy of the application is available at the Jefferson County Clerk and Records office and at the Colorado Division of Reclamation, Mining, and Safety office.

Comments concerning the application and exhibits must be in writing and must be received by the Division of Reclamation, Mining, and Safety by 4:00 p.m. on January 21, 2021.

Please note that under the provisions of C.R.S. 34-32.5-101 et seq. Comments related to noise, truck traffic, hours of operation, visual impacts, effects on property values and other social or economic concerns are issues not subject to this Office's jurisdiction. These subjects, and similar ones, are typically addressed by local governments, rather than the Division of Reclamation, Mining, and Safety or the Mined Land Reclamation Board.

Please contact Andrew Lockman at GEI Consultants (alockman@geiconsultants.com) if you have questions regarding the application.
