RE: Washington County Borrow Ditch, Reference No. M-2020-064, Division Response to “Is It Mining?” Questionnaire, No Permit Required

Dear Mr. Frick,

On December 14, 2020, the Division of Reclamation, Mining and Safety (Division) received information for an “Is It Mining” questionnaire regarding a proposed project to remove blow sand from borrow ditches located within the Washington County road easement. Approximately 35,200 cubic yards of material will be removed from the borrow ditches using a CAT 966M loader. The excavated material will be hauled in county trucks to the Washington County Landfill and will be used as a cover for trash. Please use the reference number M-2020-064 regarding any correspondence or submittals for this site in the future.

The Mined Land Reclamation Board has requested the Division make determinations as to the need for a Mined Land Reclamation Permit. Based on the information provided in the questionnaire, the Division has determined **a permit is not required for the proposed activity**. Any significant deviation from the described activity could result in review and possible reversal of this determination.

If you disagree with this decision, you may petition to appear before the Board during a formal public hearing for a Declaratory Order concerning this matter. Pursuant to Rule 2.5.2(1), the request must be submitted to the Board in writing and be received no later than 10 days prior to the hearing. The written request must contain the information required pursuant to Rule 2.5.2(2) (copy enclosed). The next available Board hearing will be held on January 20, 2021. All hearings are held at 1313 Sherman St., Room 318, in Denver, Colorado 80203.

If you have questions please contact me at (303) 866-3567 extension 8116.
