Hi Amy:

Thanks again for your email and update on our permit application. I have attached a letter requesting an extension through January 31, 2021 for our review and to provide comments to your preliminary adequacy review of this permit application.

Please let me know if you should need any other information for this extension.

Thanks again I hope you have a great holiday season!

Gary

Inspection Permit No. M-2020-028**

Dear Amy:

On behalf of Fountain Mutual Irrigation Company (FMIC), I am respectfully requesting an additional extension through January 31, 2021 for FMIC to complete the review and provide comments to your preliminary adequacy of the Construction Materials Specials Operations 111(1)(b) Reclamation Permit Application Forms for the referenced permit that was declared submitted and the review period began on December 10, 2020. Per your letter sent to me on December 14, 2020, there appears to be some incomplete or additional information required to correct or be submitted for this permit application that can be completed within this requested additional time extension.

FMIC would appreciate this additional time to make these corrections and resubmit the correct permit application forms. Thank you for your consideration of this extension.

Respectfully,

**Gary L. Steen, P.E.
Manager/Engineer for FMIC
