**Re: Amendment Approval, Revision No. AM-13
Cresson Project, Permit No. M-1980-244**

Dear Melissa Harmon:

On December 23, 2020 the Division of Reclamation, Mining and Safety approved the Amendment AM-13 application submitted to the Division on December 13, 2019, addressing the following:

Add Phase 3 to VLF2 to include a new PSSA and modification to the Schist Island backfilling and reclamation plan.

The terms of the AM-13 approved by the Division are hereby incorporated into Permit No. M-1980-244. All other conditions and requirements of Permit No. M-1980-244 remain in full force and effect.

The Division has reviewed the change associated with AM-13 for impacts to the financial warranty and has determined that this change does not require an increase to the current reclamation liability. Therefore, the surplus warranty remains at \$959,887.00, last adjusted with the approval of SA-02 on November 12, 2019.
