Denver, CO 80203

**RE: Morrison Quarry – File No. M-1973-021, Aggregate Industries – WCR, Inc.
Amendment Application (AM-7)
Formal Objection**

Dear Mr. Scott:

On behalf of the Town of Morrison, I am writing to file a formal objection to the Amendment Application (AM-7) based on the Morrison Quarry operator's noncompliance with the governing 1998 Planned Unit Development (PUD) plan. Please find the attached town comments that detail the present compliance/noncompliance status under the Town's land use regulations, and in particular, the 1998 Planned Unit Development (PUD) plan for the same.

Please do contact me if this correspondence raises questions or if there is any further information required to raise objection to the approval of the amendment application.

Sincerely,

Kara Winters

Kara Winters
Morrison Town Manager
