Permit No. C-2010-088

Dear Mr. Wein:

Please accept this letter as the 2020 Annual Hydrologic Report for the Fruita Loadout. This report is for the 2020 calendar year.

No surface disturbance occurred at the Fruita Loadout during calendar year 2020. The permit for the Fruita Loadout was approved during the first quarter of 2012. CAM-Colorado, LLC has requested full and final bond release for the Fruita Loadout which should be approved during 2021.

Water monitoring was suspended with approval of Technical Revision No. 1, which was approved on October 10, 2012. There was no discharge or consumptive use during the year.

Please call with any questions.

Sincerely,

Tamme Bishop
