Denver, CO 80203

RE: Pueblo County Aggregate Project M2016-009 Amendment, Incompleteness Notice Response

Mr. Lennberg,

Thank you for your response to the amendment application. All items on the application form have been updated and corresponding pages have been included for your review.

Items 7 and 8 have been addressed and updated maps are included for your review, labeled Exhibit A and Exhibit B. Fremont Paving and Redi Mix has also updated maps C-1a and C-1b, F-1a and F-1b, C-5, C-4a and C-4b, C-3, and C-2 to depict the adjustment in the haul route. All other exhibits, including the Exhibit G - Water, Exhibit H - Wildlife, Exhibit I - Soils, Exhibit J - Vegetation, Exhibit K - Climate, and Exhibit L - Reclamation Costs have no change requested.

Please withdraw the supporting permit documentation sent with the original amendment application.

Finally, it was unclear as to how to proceed with the haul route inside the permit boundary of the State Pit. We have amended our maps referenced above to include the 1.9-acre area where the roads converge inside the secondary site. This additional acreage has also been included on the amendment application page as well.

If additional information is necessary, please feel free to contact me directly.

Sincerely,

Jodi Schreiber  
Chief of Operations
