RE: Kate2 Project; DRMS File P-2021-001; Notice of Receipt of Complete NOI Application

Mr. Hoegberg,

Upon receipt of the supporting documents for the Financial Warranty in the amount of \$2000, 7.5 minute topo vicinity map or equivalent, clarification of location ownership and the executed access agreement from Town of Silver Cliff, DRMS has called your NOI application complete for review. The NOI was considered to be submitted for review on February 12, 2021. In accordance with the provided statement that none of the materials in the NOI are considered confidential by the applicant, the Division posted the NOI on the Office website on February 12, 2021 in accordance with the requirements of Rule 5.1.3.

The Division will begin its adequacy review of the NOI and will contact you within twenty (20) working days of the posting date (by March 4, 2021) regarding any remaining deficiencies in the application or warranty submittal. In the meantime, please address any issues necessary to secure approval of your BLM application, as BLM approval constitutes the last remaining access requirement for unpatented claims prior to DRMS issuance of the NOI.

If you have any questions, please contact me at (303) 229-9414.

Sincerely,

Eric Scott
Environmental Protection Specialist

CC: Michael Cunningham, DRMS
