RE: Notice of Incomplete TR02 Submittal; East 8th St Project; DRMS Permit M2000-082

Mr. Miller,

The Division of Reclamation, Mining and Safety received the submittal for Technical Revision 02 (TR02) for the East 8th St Project on February 16, 2021, however, the required \$216 Technical Revision Fee was not included with the submittal. DRMS cannot consider the TR complete for review until the \$216 fee has been received.

Please submit the required fee within 30 days of the date of this letter. Please note clearly on the fee submittal the Permit# and Revision# that the fee is for. When DRMS receives the TR fee, the submittal for TR02 will be considered filed, and the 30 day technical review period will commence. If the fee is not received within 30 days, the TR will be considered incomplete and the incomplete submittal will be removed from the site file.

If you have any questions, please contact me by e-mail at Eric.Scott@state.co.us.

Sincerely,

Eric Scott
Environmental Protection Specialist

CC: Michael Cunningham, DRMS
