Re: Snare Construction, Inc and Materials, File No. M-2020-055 (HC# 79196)

Dear Mr. Russell:

Thank you for your correspondence on January 26, 2021 for the referenced project. Our comments are provided in accordance with the Colorado State Register Act (Colorado Revised Statute CRS 24-80.1).

A search of the Colorado Cultural Resource Inventory database indicates that two cultural resource inventories were conducted in or near the proposed permit area, and no properties of historical significance have been recorded therein. Please keep in mind that our files contain incomplete information for this area, as most of Colorado has not yet been inventoried for cultural resources. As a result, there is the possibility that as yet unidentified cultural resources exist within the proposed permit area. Should human remains be discovered during mining activities, the requirements under State law CRS 24-80 part 13 apply and must be followed.

Thank you for the opportunity to comment. If we may be of further assistance, please contact Holly McKee-Huth, Cultural Resource Information/106 Compliance at (303) 866-4670/ holly.mckee@state.co.us.

Sincerely,

Steve Turner, AIA
State Historic Preservation Officer
