Leadville Sanitation District PO Box 253 Leadville, CO 80461

Dear Leadville Sanitation Board,

Union Milling Contractors, LLC (UMC), operator of the Leadville Mill, 13815 Hwy 24, Leadville, CO, is preparing permit filings on behalf of the owner CJK Milling Company, LLC (CJK) for inclusion in a 112(d) Designated Mining Regular Operations permit in accordance with the Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board. This filing requires CJK to contact owners of structures within 200ft of the mill disturbance area (red outline). The Mill general facilities arrangement is attached. The green line indicates the disturbance area and the yellow line indicates your permanent structures.

Leadville Sanitation District has; a sewer line, a finishing pond and embankment, and a fence located within the 200ft disturbance area.

CJK requests that you provide a notarized agreement between the applicant (CJK) and the person(s) having an interest (Leadville Sanitation District) in the structures, that CJK is to provide compensation for any damage to the structures. CJK has provided a Structure Agreement, approved by the Colorado Mined Land Reclamation Board for this use.

If you have any questions, I can be reached at 720-413-5943 or smichael@unionmilling.com.

Sincerely,

Stephanie Michael Union Milling Contractors, LLC Manager

Structure Agreement

This letter has been provided to you as the owner of a structure on or within two hundred (200) feet of a proposed mine site. The State of Colorado, Division of Reclamation, Mining and Safety ("Division") requires that where a mining operation will adversely affect the stability of any significant, valuable and permanent man-made structure located within two hundred (200) feet of the affected land, the Applicant shall either:

- a) Provide a notarized agreement between the Applicant and the Person(s) having an interest in the structure, that the Applicant is to provide compensation for any damage to the structure; or
- b) Where such an agreement cannot be reached, the Applicant shall provide an appropriate engineering evaluation that demonstrates that such structure shall not be damaged by activities occurring at the mining operation; or
- c) Where such structure is a utility, the Applicant may supply a notarized letter, on utility letterhead, from the owner(s) of the utility that the mining and reclamation activities, as proposed, will have "no negative effect" on their utility. (*Construction Materials Rule 6.3.12 and Rule 6.4.19 & Hard Rock/Metal Mining Rule 6.3.12 and Rule 6.4.20*)

The Colorado Mined Land Reclamation Board ("Board") has determined that this form, if properly executed, represents an agreement that complies with Construction Materials Rule 6.3.12(a), Rule 6.4.19(a), and C.RS. § 34-32.5-115(4)(e) and with Hard Rock/Metal Mining Rule 6.3.12(a), Rule 6.4.20(a), and C.R.S. § 34-32-115(4) (d). This form is for the sole purpose of ensuring compliance with the Rules and Regulations and shall not make the Board or Division a necessary party to any private civil lawsuit to enforce the terms of the agreement or create any enforcement obligations in the Board or the Division.

The following structures are located on or within 200 feet of the proposed affected area:

- 1. Sewer Line North of Mill Building
- 2. Finishing Pond and Embankment to the East
- 3. Fence on the West Boundary of Leadville Sanitation Property
- 4. 5.

(Please list additional structures on a separate page)

CERTIFICATION

The Applicant **CJK Milling Company, LLC**, By **Stephanie Michael**, as **Manager, Union Milling Contractors, LLC**, does hereby certify that **Leadville Sanitation District** shall be compensated for any damage from the proposed mining operation to the above listed structures located on or within 200 feet of the proposed affected area described within Exhibit A of the Reclamation Permit Application for **Leadville Mill**, File Number **M1990 - 057**.

This form has been approved by the Colorado Mined Land Reclamation Board pursuant to its authority under the Colorado Land Reclamation Act for the Extraction of Construction Materials and the Colorado Mined Land Reclamation Act for Hard Rock, Metal, and Designated Mining Operations. Any alteration or modification to this form shall result in voiding this form.

Dear George and Elizabeth,

Union Milling Contractors, LLC (UMC), operator of the Leadville Mill, 13815 Hwy 24, Leadville, CO, is preparing permit filings on behalf of the owner CJK Milling Company, LLC (CJK) for inclusion in a 112(d) Designated Mining Regular Operations permit in accordance with the Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board. This filing requires CJK to contact owners of structures within 200ft of the mill disturbance area (red circle). The Mill general facilities arrangement is attached. The green line indicates the disturbance area and the yellow line/circle indicates your permanent structure.

You maintain a general access road to the East of the mill and your residence North East of the mill within the 200ft disturbance area. Mill activities within 200ft of the general access road involve mill operations and impoundment of mill tailings. The general access road is located within 200ft of the constructed impoundment. Please note that your house is located within 200ft of the disturbance area, however, the mill's plans are to move tailings to the South of the mill and the Northwest portion of our disturbed area will be undisturbed at this time.

CJK requests that you provide a notarized agreement between the applicant (CJK) and the person(s) having an interest (yourselves) in the structures, that CJK is to provide compensation for any damage to the structures. CJK has provided a Structure Agreement, approved by the Colorado Mined Land Reclamation Board for this use.

Dear Excel,

Union Milling Contractors, LLC (UMC), operator of the Leadville Mill, 13815 Hwy 24, Leadville, CO, is preparing permit filings on behalf of the owner CJK Milling Company, LLC (CJK) for inclusion in a 112(d) Designated Mining Regular Operations permit in accordance with the Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board. This filing requires CJK to contact owners of structures within 200ft of the mill disturbance area (red circle). The Mill general facilities arrangement is attached. The green line indicates the disturbance area and the yellow line indicates your permanent structure.

Xcel Energy supplies electrical power to the Leadville Mill facility with an overhead power line located within the 200ft disturbance area. This power line has been in existence for over 20 years and any additional disturbance conforms to normal building construction and maintenance. The pole line closest to the mill facility (approximately 160ft of line) is within 200ft of a constructed impoundment. There is a natural gas line on the east boundary of the property. There is also an overhead powerline powering the residence to the Northwest of permitted area.

CJK requests that you provide a notarized agreement between the applicant (CJK) and the person(s) having an interest (Xcel) in the structures, that CJK is to provide compensation for any damage to the structures. CJK has provided a Structure Agreement, approved by the Colorado Mined Land Reclamation Board for this use.
