Good afternoon..

I am so sorry that I have not gotten with you before now.

I have left several messages with the company for the dirty dirt. No response from them. I don't know if they are still not in their offices or exactly what. The soil has been removed and placed

In a barrel and is marked dirty dirt. The fuel tank has been relocated and set inside of a concrete tank. Our signs should have been done by now but am waiting for a call to go pick them up.

I have some of the paper work done to do the addition of the extra acres for the pit. I have a few questions for you and the paper work so when you have a few extra minutes please give me a call.

I would like to request that we change the name of the pit from Stone Ranch pit to Van Egmond Stone pit please.

This has been a very busy season this year...which is great but I'm getting old and well you know!!! Lol..

I hope all is well with you. How is the baby doing? I hope that everything is good.

Please let me know how to proceed with the dirt. I will send pictures of everything you need.

Have a great rest of your day. I sure do appreciate all of your help.

Cathleen Van Egmond
