Peak Ranch Resource, DRMS File M2020-041
Condition Consent

Mr. Scott

Kilgore Companies LLC dba Peak Materials (Peak Materials) has reviewed the Division's proposed condition to the Peak Ranch Resource reclamation permit application and consents to it being an enforceable component of the reclamation permit M-2020-041 upon approval by the Mined Land Reclamation Board. The condition is as follows:

"Prior to the commencement of mining operations, Peak Materials shall obtain a Conditional Use Permit (CUP) from Summit County for the Peak Ranch Resource operation and shall obtain a CUP for the Maryland Creek Ranch operation, File M1996-049, to allow for the importation and processing of material from the Peak Ranch Resource mine. In the event the CUP for the Maryland Creek Ranch operation is not approved to allow for importation of material from Peak Ranch, Peak Materials shall notify the Division, and shall submit a revision for the Peak Ranch permit to account for material processing at an alternate location."

Please contact me if you have any further questions or concerns.
