**Re: Revenue Mine, Permit No. M-2012-032, Receipt of Withdrawal for Technical Revision TR-13**

Dear Mr. Briggs:

On March 1, 2021 the Division of Reclamation, Mining and Safety (Division) consider your request for the Revenue Mine, addressing the following:

- *Building Modifications and Bond Update*

On April 1, 2021 written notification in response to the Division's March 15, 2021 adequacy review revealed that lands outside the Permit Boundary and Affected Lands boundary had been affected. The notification also requested that TR-13 be withdrawn, as an Amendment to address at a minimum, offsite impacts would be submitted within 90 days and would include the scope of TR-13. This notice is to inform you that Technical Revision 13 has officially been **withdrawn**. Also, response to the notification of lands outside the Permit and Affected lands being affected as well as potential corrective actions will be addressed under a separate cover.

If you have any questions, comments or concerns please feel free to contact me at the Division's Grand Junction Field Office, by phone at 303-866-3567 Ext. 8187 or by email at [lucas.west@state.co.us](mailto:lucas.west@state.co.us).
