Hi Amy,

In response to the inspection report:

Problem #1: We understand that the bond amount will be increased and that we have 60 days to post the additional financial warranty.

Problem #2: As we are not in the final reclamation process and are evaluating if we can reclaim any portion of the mine at this time, we would appreciate an extension of two weeks. Due to COVID-19 our work at the site has been stalled, but we will be mining this site this year.

I apologize for the lateness of the response to this report, we have had reduced staff and I am just coming back to work for the company.

Best regards,

Lynne Becker
