Tim,

Although we, at Ames Construction, appreciate the effort and support you and your team has provided us throughout the application process, I regret to inform you we will be withdrawing our 111 application from the Colorado Division of Reclamation, Mining, and Safety permitting process. We have been notified by the Larimer County Planning Department that they will not be able to provide permit approval in a timely manner. For this reason we are pursuing other borrow sources outside Larimer County.

If you have any questions please reach out anytime. It was a pleasure working with you.

Thanks,

Kirk

Kirk,

As I have not heard from Ames that a withdrawal of the subject 111 application is forthcoming and the current decision date is this Friday, I finished the attached second adequacy review letter I had nearly completed a few weeks ago when we received additional submittals from you. The attached review includes those additional submittals.

Please let me know if you have any questions.
