**Re: Schwartzwalder Mine, Permit No. M-1977-300, Acceptance of North Waste Rock Pile
Diversion Channel - Record of Construction**

Mr. Harrington:

The Division of Reclamation, Mining and Safety (Division) has reviewed your response submitted on March 12, 2021 to the Division's February 22, 2021 review letter for the North Waste Rock Pile Diversion Channel - Record of Construction. Your response to the Division's review items are considered adequate (see enclosed letter from Tim Cazier, P.E. dated April 9, 2021).

The construction of the North Waste Rock Pile diversion channel (approved in Technical Revision No. 28) was determined to be in compliance with the approved specifications. The Certification is accepted by the Division pursuant to Rule 7.3.2 of the Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board for Hard Rock, Metal, and Designated Mining Operations. Colorado Legacy Land, LLC may proceed with the approved use of the certified environmental protection facility (EPF).

If you have any questions, you may contact me by telephone at 303-866-3567, ext. 8129, or by email at amy.eschberger@state.co.us.

Sincerely,

Amy Eschberger
Environmental Protection Specialist

RE: Schwartzwalder Mine, DRMS File No. M-1977-300;
TR-28, Review of March 2021 North Waste Rock Pile Diversion Channel,
Revised Record of Construction Report

The Division of Reclamation, Mining and Safety (DRMS) engineering staff has reviewed the March 2021 North Waste Rock Pile Diversion Channel, revised Record of Construction Report drawings and deemed the revised drawing set as adequate. No further changes are necessary.
