Brad and Doris Bilsky  
Claimants/ Operators  
7718 County Road 51  
Divide, CO 80814

Dear Brad and Doris Bilsky,

I received your Notice of Intent (NOI) on April 2, 2021, to conduct prospecting and exploration – level activities on the B&R, Harry Lode, Hannah & Sarah, and Three Hawks & A Raven unpatented mining claims administered by the South Park Ranger District, Park County, Colorado, in portions of the following sections:

Claim name	Township	Range	Section	Quarter
B&R	11S, 12S	71W	3, 6	SE, NE
Harry Lode	12S	71W	17	NESE
Hannah & Sarah	9S	73W	19	NW
Three Hawks & A Raven	12S	70W	6	NW

Your NOI, for the claims listed in this letter, has been assigned an identification number of **2810-021210-NOI-2021-008**.

In reviewing your NOI, it has been determined that a mine Plan of Operations (MPO) is not needed at this time. An MPO and reclamation performance bond will be required for my review and approval if you create significant resource disturbance to surface resources as a result of proposing or doing any of the following:

- Failing to backfill any holes, pits or trenches.
- Cutting any trees.
- Using mechanized equipment.

- Using roads that are not National Forest System (NFS) roads with mechanized vehicles (including OHV).
- Creating new access routes or roads.
- Constructing any structure of facilities.
- Placing signage other than mine claim corner post identification.
- Do anything that might cause a significance disturbance.

No deviation from this NOI is authorized without my prior written approval. Your Notice of Intent is valid for 2021 until December 31, 2021. You will need to submit a new NOI for any proposed activities after December 31, 2021. For your next NOI submission, please follow the updated NOI instructions guide (enclosed) 36 CFR 228.4(a) – Locatable Minerals.

I have also enclosed information on the reclamation standards for this district for your review. You are required to follow these standards to be in compliance with your NOI.

Please note that where not otherwise restricted, it is prohibited to camp more than 28 days within a continuous 60-day period, and/or occupy any campsite for more than 14 days during this 60-day continuous period within three miles of the previous campsite. In addition, Forest Service MVUM rules and regulation require vehicles to park in areas immediately adjacent to NFS roads, preferable in areas without vegetation.

Finally, as reminder, you are required to follow all State and Federal mining and water quality rules and regulations.

If you have any further questions or comments, please call Amy Titterington, Geologist, at 719-838-0699, or email her at [amy.j.titterington@usda.gov](mailto:amy.j.titterington@usda.gov).

Sincerely,
