Decision Date Extension Request*

Dear Mr. Bowles,

Prowers Aggregate Operators, LLC (PAO) has received the Division's Adequacy Review No. 1 comments letter dated February 9, 2021. We submitted our response letter to the comments on April 2, 2021. We understand that you are finishing your review of our response and there will be a second adequacy review letter with comments. Since the current decision date is April 16, 2021 there will be additional time needed for you to complete your review as well as additional time for us to respond to the second adequacy review letter. We are requesting an extension of 30 days to the decision date.

PAO requests the decision date be extended to May 16, 2021 so we can provide the adequacy review responses back to you as well as allowing the DRMS to have time to review the information we will be providing.

Thank you for your consideration of our decision date extension request. Please feel free to contact me with any questions or if you need additional information.

Sincerely,

A handwritten signature in blue ink that reads 'J.C. York'.
