***RE: Van 4 Shaft, Permit # M-1997-032, Request Final Reclamation Status Update***

Mr. Glasier:

At the Mined Land Reclamation Board meeting held January 22, 2020 the Board issued an Order to terminate the Van 4 Shaft mining operation, Permit # M-1997-032, and ordered that the Operator commence final reclamation of the site immediately. The Board Order was signed March 2, 2020 and mailed to you on March 9, 2020. On July 14, 2020 you notified the Division that reclamation had commenced in March 2020, but work was delayed due to the pandemic and fire restrictions.

Please provide the Division with an update on the status of progress toward final reclamation and planned timeline for completing final reclamation of the site as required by the March 9, 2020 Board Order.

If you require additional information, or have questions or concerns, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Dustin Czapla'.
