**Re: Bowie No. 2 Mine, Permit C-1996-083
Adequacy Review for MR-204**

Dear Mr. Bear:

The Division received the MR-204 submittal from Tamme Bishop (Stover & Associates) on April 15, 2021. Rather than change Stipulation 35, the Division has decided that we shall terminate that stipulation. In its place, we will add a Monitoring Report requirement to our Permit System to track your submittal and our review of the annual reports for the coverfill surveys.

Regarding the proposed PAP text in the MR-204 submittal, we ask that you revise the text to be more specific. You should state something similar to one of the following:

- The stand-alone report shall be submitted annually by December 31st.
- The report shall be submitted annually and included in the Waste Bank Inspection Report for the Fourth Quarter, which is due by February 1st of each year.

If you have questions or comments, feel free to contact me at Rob.Zuber@state.co.us or 720.601.2276.

Thank you,

Robert D. Zuber, P.E.
Environmental Protection Specialist II
