**Re: Climax Molybdenum Company; Henderson Mine; File No. M-1977-342  
Technical Revision No. 34 (TR-34) - Environmental Protection Plan Revision;  
Decision Date Extension Request Approval**

Mr. Hamarat,

The Division of Reclamation, Mining and Safety (Division/DRMS) received and approved the second request for a 30-day extension to the decision date to allow the Division to complete the review of technical revision no. 34 (TR-34).

**The new decision date is June 3, 2021.**

The Operator's request to extend the decision date nullifies the automatic approval provision in Rule 1.9.1.
