RE: Withdrawal of M-2018-051 & AM-O1 Applications

Mr. Hays,

Black Mountain would like to request a formal withdrawal of our M-2018-051 application and such amendment. We would like to thank you, Staff, and the Board for all the work and support on this project. We hope to reapply in the near future with a more economical sand mining project with the Colorado Division of Reclamation, Mining, and Safety. With Covid, we have had to adjust our project to better meet the needs of the industry and we feel it's best to reapply with a new scope of work. We look forward to a new year with new opportunities with the State.

Sincerely,

Rhett Bennett
CEO

To: "Hays - DNR, Peter" <peter.hays@state.co.us>

Peter,

Please see our signed withdrawal letter attached. Thanks for following up. We see several changes needed for our mine boundary so we think it will be easier to redo the process rather than get a continuation on the current plan and have to change down the road.

Thanks again!
