RE: Tri-County Gravel, Permit No. M-1977-205 , Technical Revision (TR-4), Adequacy Review-1

Dear Mr. Burkey:

The Division of Reclamation, Mining and Safety (Division) is in the process of reviewing the above referenced Technical Revision in order to ensure that it adequately satisfies the requirements of the Colorado Land Reclamation Act for the Extraction of Construction Materials (Act) and the associated Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board for the Extraction of Construction Materials (Rules). During review of the material submitted, the Division determined that the following issue(s) of concern need to be adequately addressed before the Technical Revision can be considered for approval. Please provide the following:

1. Please provide a narrative with additional details regarding this project. The Division acknowledges that the exact specifics will be determined in the field during construction. Provide estimated sizes, lengths and building materials of features to be constructed.
2. What reclamation measures will be taken to ensure stabilization during and after permanent features are installed?
3. Commit to:
 - a. Provide written notification upon commencement of the project
 - b. Provide written notification with 5 days of completion of the project
 - c. Provide the Division with complete as-built drawings of all features installed associated with this project within 30 days of completion
 - d. Provide the Division with the approved NPDES Discharge Permit/documentation within 30-days of receipt.

Please submit your response(s) to the above listed issue(s) by Tuesday, June 1, 2021 in order to allow the Division sufficient time for review. If you cannot address the above issues by June 1, 2021 please request an extension to the decision due date to ensure adequate time for the Division to review materials. A

decision due date of **June 7, 2021** has been set. If any adequacy issues remain by the decision due date the Division may deny your request.

The Division will continue to review your Technical Revision and will contact you if additional information is needed.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Amy Yeldell". The signature is written in a cursive, flowing style.
