Re: Bowie Resources, LLC, Bowie No. 1 Mine
SL-07 Supplemental Information
Regarding road into ROM area
Permit C-1981-038

Dear Mr. Zuber:

On behalf of Bowie Resources, LLC, and in regard to a site inspection for the SL-07 bond release application, BRL would like to remove the road from the SL-07 application. The road area to be removed from consideration is 0.34 acres.

In addition, the landowners would like to leave the ROM road in-place and not have it reclaimed to approximate original contour. The ROM road is a dirt/gravel road that takes off Stevens Gulch Road in a north-west direction, where it then meets the areas that have been reclaimed on the ROM area.

Please let me know if you need any additional information.

Sincerely,

Tamme Bishop, P.E.
Project Engineer
