**DESCRIPTION OF COMMENT OR OBJECTION**

(Please be as specific as possible)

**Comment/Objection Narrative \***

The Gladstone Milling operation has and continues to trespass on the Stanley Mining Company's property. They have bulldozed a road across our property to access portions of their property above the milling operation. They have also excavated a hole and built forms for a settling pond foundation partially on our property. They have also barricaded our access to a portion of our property by laying logs across our road. We also would like clarification on their milling process, piping, and containment plans. The application is not sufficient for our review. We have included photos of the trespass.
