**Re: Albert Frei & Sons, Inc.; Walstrum Quarry; File No. M-1983-033; Determination of 112 Construction Materials Reclamation Permit Application as "Complex"**

Mr. Bolduc,

On May 11, 2021, the Division of Reclamation, Mining and Safety (Division/DRMS) received the 112 Construction Materials Reclamation Permit Amendment Application (AM-09) for the Walstrum Quarry.

The Division determined the amendment application is classified as "complex" and may require involvement of additional professional staff or outside professional or agency expertise, therefore it is beyond what the Division considers to be a typical application review process. The Division is extending the decision due date by an additional sixty (60) days pursuant to Rule 1.4.1(7).

The decision date for the amendment application with the "complex" extension is **Friday, October 8, 2021**, unless an extension of the deadline is requested by the Operator.

The Division is reviewing the technical aspects of the amendment application to determine whether it is adequate to meet the requirements of the Act. The Division will contact you if additional information is needed.

If you have any questions, please contact me at [peter.hays@state.co.us](mailto:peter.hays@state.co.us) or (303) 866-3567 Ext. 8124.

Sincerely,

Peter S. Hays  
Environmental Protection Specialist

**Ec: Jared Ebert; Division of Reclamation, Mining & Safety**
