**Re: Grisenti Farms Gravel Pit, Permit No. M-2001-005;
Technical Revision Approval, Revision No. TR-5**

Dear Mr. Mineo:

On June 1, 2021 the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision application submitted to the Division on May 23, 2021, addressing the following:

Allow seeding of an annual cereal grain, Teff into an approximately 5 acre area for the land owner to use as a hay crop. The area is presently being seeded to a range/pasture mix.

The terms of the Technical Revision No. 5 approved by the Division are hereby incorporated into Permit No. M-2001-005. All other conditions and requirements of Permit No. M-2001-005 remain in full force and effect.

The Division has reviewed this revision for impacts to the financial warranty and determined no increase is necessary.

If you have any questions, please contact me.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
