**Loesch Pit, Permit No. M-1981-0068, Inspection Problems Abated**

Dear Mr. Grant:

On April 15, 2021 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Two inspection problems were cited with corrective actions required. On May 24, 2018 the Division received photo documentation of the corrective actions having been completed. This satisfies the corrective action and it is considered abated.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

**Amy C Yeldell**
