Good Morning Ken,

Our next shot is being scheduled for next Monday, June 7th between our permit hours. I am estimating that we will be blasting between 11:00 AM and noon pending weather and or mechanical issues. This is a small correction shot to take care of major back break that took place on a shot two years ago. It is on bench 7 at the South East end of that bench. I will give you a call Sir about 1 hour before we set it off.
